

# opportunity

Savanna Energy Services Corp. is committed to the development of the petroleum services industry. Since 2001, Savanna has worked closely with many First Nation and Métis communities to build and maintain strong business relationships and establish opportunities for community members. Through these partnerships and other unique initiatives Savanna, our oil and gas producing customers, and First Nation and Métis communities strive to enhance our industry through training, education, and technology. As part of our commitment to our First Nation and Métis Partners, Savanna is proud to sponsor bursaries offered through the Northern Alberta Institute of Technology (NAIT) and Southern Alberta Institute of Technology (SAIT).
