

SERVICE RIG DRIVER TRAINING: FATIGUE MANAGEMENT AND HOURS OF SERVICE – EXAM

Name:	8
Date:	
Score:	/47 (students must score 80% to pass)

EDITION: 2

REVISED: September 6, 2016

	ĕ	Fatigue can best be defined as a combination of these four symptoms:	
		ii.	
	i	ii.	,
	į	V	/
2		ame the two types of fatigue:	
	ii		1:
3.			alaan
	an	fatigue may develop through the accumulation of insufficient ad/or rest, with long periods of wakefulness or insufficient rest eventually developed through the accumulation of insufficient rest eventually developed to the chronic fatigue.	oping
4. 5.	an int	o chronic fatigue. , or long- term, fatigue is a result of inadequate sleep across to riods of time. human body is programmed to sleep at night and stay awake during the day. gramming is called the and it is regulated by exposure to	oping onger This
	an int	o chronic fatigue. , or long- term, fatigue is a result of inadequate sleep across locations of time. the human body is programmed to sleep at night and stay awake during the day. gramming is called the and it is regulated by exposure to loark and recurs every 24 hours.	oping onger This
	per The propand	o chronic fatigue. , or long- term, fatigue is a result of inadequate sleep across to riods of time. e human body is programmed to sleep at night and stay awake during the day. gramming is called the and it is regulated by exposure to l dark and recurs every 24 hours.	oping onger This
	per The propand	o chronic fatigue.	oping onger This
	The project and a)	o chronic fatigue. , or long- term, fatigue is a result of inadequate sleep across to riods of time. e human body is programmed to sleep at night and stay awake during the day. gramming is called the and it is regulated by exposure to l dark and recurs every 24 hours.	oping onger This
5.	The propand a) b) c) d)	o chronic fatigue.	oping onger This
5.	and interpretation and and and and and and and and and an	chronic fatigue.	oping onger This
	and interpretation and a) b) c) d) List t	o chronic fatigue.	oping onger This

	ре	fatigue can lead to health and wellness complications that adversely at erformance and increase the risk of involvement in vehicle crashes a rashes?	
	a) b)		Φ.
8	to	eople who do not get sufficient daily sleep build a that grow every day they fail to get the daily sleep requirement. Allowing it to increases drowsiness and decreases alertness.	at continues to increase,
	a)	· · · · · · · · · · · · · · · · · · ·	
	b) c)	Circadian rhythm Sleep debt	
	d)	Microsleeps	
9.	REI	M stands for:	
	a)	Recurring eye motion	
	b) c)	Rapid eye movement Repetitive eye motion	
	ď)	Restless eye motion	
0.		Commercial Vehicle Drivers Hours of Service Regulations define what nents (circle two):	two critical
	a)	Maximum required off-duty times	
		Minimum allowable driving times Maximum allowable driving times	
	,	Minimum required off-duty times	12
ļ	Who	is responsible to prevent fatigue-related incidents involving commercial v	ehicles?
	a) i	Motor carriers only	
		Driver's only	
	d) i	Motor carriers and drivers only Motor carriers, shippers/consignees, other persons such as safety of dispatchers, and drivers	ficers and
