

# WE ARE

# MEMBERS!

The C is committed to looking for ways to keep our employees safe, which is why we are members of the Eyesafe® prescription safety eyewear program. This program makes it simple for employees to get the prescription safety glasses they need, matched specifically to their type of work, and fit properly to their face.

You can choose from any of the 350+ Eyesafe® clinics in Alberta. Find clinics by visiting [www.eyesafe.ca](http://www.eyesafe.ca) and clicking on **Find an Optometrist**. Enter your postal code and a list of the Eyesafe® optometrists in your area will appear.

For more information and details on the program, contact:

## Here is how you order your prescription safety glasses

- 1** Obtain a job ticket from the Eyesafe administrator.
- 2** Book an appointment with an Eyesafe® optometrist.
- 3** The Eyesafe® clinic you visit will know O PANY policy requirements.
- 4** The clinic will order your glasses.
- 5** When you pick up your glasses, the clinic will ensure there is a perfect fit to your face.
