Subject: FCA Canada Preferred Price Program

We are pleased to announce that FCA Canada Inc. will continue to reward all employees/members of Total Energy Services Inc. business locations the opportunity to purchase or lease a select, new 2023, 2024 or 2025 model year Chrysler, Dodge, Jeep®, Ram, FIAT® or Alfa Romeo at a Preferred Price through January 2nd, 2025.

Our FCA Canada Preferred Customer website (www.chrysleradvantageplan.ca) allows your employees/members to access important program information; view our complete vehicle line-up as well as obtain control numbers.

This offer is an exclusive savings opportunity for employees/members and may include consumer incentives available at the time of sale. Employees/Members should contact participating dealers for specific pricing details.

Your Company Code for 2024 has been assigned. Please ensure that this unique company code is communicated to your employees/members.

Company Name: Total Energy Services Inc.
Company Code: SU0587

For employees to participate in this program, they must:

- Obtain a special **Company Code** from the designated company contact
- Visit www.chrysleradvantageplan.ca or call the **Advantage Plan Program Headquarters toll-free at 1-800-387-3514.** In both cases, they will need to provide their name, address, telephone number, date of birth, company name, and company code to receive a unique **Control Number.** (Please note that a Control Number **will not** be issued without a Company Code)
- The employee/member then takes the Control Number along with a company photo ID card or a recent, original pay stub to any participating Chrysler, Dodge, Jeep, Ram, FIAT or Alfa Romeo retailer.

Once the dealership verifies the Control Number, these employee/member can choose from any eligible*, new 2023, 2024 or 2025 model year Chrysler, Dodge, Jeep®, Ram, FIAT® or Alfa Romeo vehicle. FCA Canada is proud of our business relationship with Total Energy Services Inc. and is appreciative of its outstanding performance and contributions.

If you have any questions, please contact Program Headquarters at 1-800-387-3514.
